SRIJANI 
a comprehensive architectural solution

January 2014

about ...

the backdrop ...

... was set in the year 1997 in a canteen within the campus of one of the most prestigious educational institutions in the City of Joy. A few young men, having completed their undergraduate course, contemplated of doing something on their own, instead of joining some consultancy organisations. They made up their mind and with the inspiration from a few well wishers they started an Architectural Consultancy Firm from a small 10 feet by 10 feet room, located in the southern fringe of the city.

From the very beginning the endeavour of the firm, **SRIJANI**, has been to deliver quality services within fixed time frame to the clients. Constant quest for new solutions for sustainable development has been their focus till date. At present, the firm boasts to be the designer of a number of prestigious projects.

at present ...

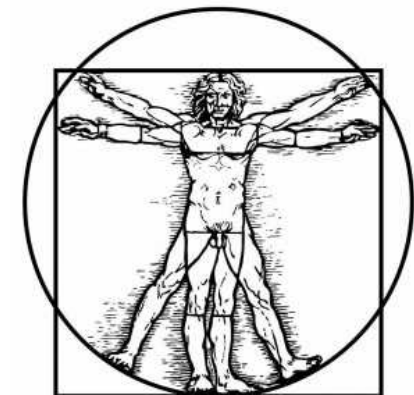

... the firm is managed by two architects acting as full time executives, both of whom are graduates of 1997 batch from Department of Architecture, Jadavpur University, Kolkata.

They have also completed post graduation in Urban Design from their alma mater in the year 1999 as GATE scholars.

services offered ...

... **comprehensive architectural consultancy** for any type of project starting from preparation of schemes to project management, which include:

- comprehensive architectural services with interior architecture and landscape architecture for:
 - residential
 - institutional
 - commercial
 - hospitality
 - health-care
 - industrial
- urban design
- conservation, restoration and preservation works of heritage buildings
- building services designing including:
 - plumbing and sanitary
 - electrical
 - heating, ventilation and air conditioning (HVAC)
 - acoustics
- civil and structural engineering

info ...

infrastructure ...

to deliver the best, substantial impetus is provided for development of office infrastructure with latest state of art technologies available.

- all projects are implemented by using latest computer-aided-designing and drafting (CADD) software
- three dimensional design approach with building information modelling (BIM) to construct real life virtual building (V)
- workstations with latest hardware configurations, connected over local area network (LAN) and always-on high-speed internet connection
- data-loss prevention with exclusive real-time synchronisation and backup software

Masara Beach Resort at Mandarmoni

client	ABP Hotel & Resorts Pvt Ltd			location	Mandarmoni, Purba Medinipur, West Bengal		
area	2.00 acre (approx)	cost (in lac)	₹ 2,00.00	commencement	2007	completion	2009 (phase I)
description	The site abuts the 14 km long drivable beach of Mandarmoni on the Bay of Bengal. Undulating sand dunes hide the peaceful country-like environment inside the complex from prying eyes. The natural settings of the virgin site have been kept intact, save for the guest cottages dotting the landscape abundant with vegetation. Facilities like conference hall and dining hall with cafeteria are added features in this resort where time seems to stand still for a while.

Vice-chancellor's Chamber & Secretariat at University of Kalyani

client	University of Kalyani		location	Kalyani, Nadia, West Bengal			
area	320.00 m ²	cost (in lac)	₹ 21.00	commencement	2010	completion	2011
description	The NAAC accredited University, located about 50 km from Kolkata, has a sprawling campus. The Vice-chancellor's room, along with his secretariat, has been redesigned and a meeting room has been incorporated. The concept was to give the area a modern and elegant look, but at the same time maintain the grandeur and prestige of the institution. Extensive use of wooden texture complimenting the off-white coloured flooring is the key feature of the surroundings.
